

Washington, September 28.—The application of J. M. Johnson, C. E. Bond, J. W. Rice, W. B. Saffell and W. T. Bond to organize the Lawrenceburg National Bank of Lawrenceburg, Ky., with a capital of \$100,000, has been approved by the comptroller of the currency.

N.C. & STL. EMPLOYES TO BE CARRIED FREE

Generous Offer Made by the Railroad.

Sleeper to Run Every Week Hereafter For Benefit of the Road Employees.

PADUCAH MEN ARE INCLUDED

Free transportation and sleeping car accommodations between Nashville and St. Louis have been arranged for all employees of the Nashville, Chattanooga & St. Louis Railway.

Beginning Tuesday next a tourist sleeping car exclusively for use of employees of the road will be run to St. Louis every Tuesday night. It will leave St. Louis returning every Saturday night. Paducah employees can reserve berths by wire and board the sleeper at Hollow Rock Junction.

Employees of the road desiring to make the trip must make application in advance through their foreman or superintendent. All applications, when approved, will be forwarded to the head offices and space reserved for as many as can be accommodated. The car is a large one and has thirty-two berths. By carrying that many each week many employees will have the opportunity to see the fair before it closes.

This announcement will be welcome news to employees of the road, as it was thought for a time that no more passes would be given employees. As a matter of fact, the Illinois Central, with which the Nashville, Chattanooga & St. Louis connects for St. Louis, some time ago announced that no more passes would be given to St. Louis. As order to that effect has been strictly complied with since. This forced the Nashville, Chattanooga & St. Louis railway to cut off its employees as there was no way to get them to St. Louis.

President Thomas was not to be closed off by the action of the Illinois Central. When he decided to put the tourist car on the Illinois Central quickly volunteered to move the car between Martin and St. Louis.

The fight will be made, as stated, leaving Tuesday. Only bona fide employees will be taken. This does not include their families, because of the limited accommodations. If it were his own line all the way Maj. Thomas would doubtless give families of all employees free transportation, but probably feels that he has gone as far as he can in asking for the one car over the connecting line.

ASSISTANT HERE

MR. NEUFFER, OF CHICAGO, VISITS LOCAL SHOPS.

Mr. J. G. Neuffer, assistant superintendent of machinery of the Illinois Central, is in the city today looking over the local shops.

The Paducah shops have a great deal of work on hand, especially the wood working department where an additional force of fifty men was this week added. The machine shops are also rushed with work and the officials are keeping close tab on all mechanical departments.

Mr. Neuffer will probably go south from here and look after the southern shops.

NEW LEAGUE

Efforts to Organize a New Circuit.

All the Towns Said to Be Good Ball Towns.

If the new league that is being framed for next season turns out, as it is expected, Cairo will be in one of the best circuits in the country, says the Cairo News.

The new league as planned will include Cairo, Paducah, Marion, Evansville, Vincennes, and Washington. All of these towns play Sunday ball and will form a compact and enterprising league.

At the meeting held yesterday between Cairo representatives and Vincennes the matter was discussed at length. Assurances have already been received, showing that it will be a go.

The arrangements, already made, call for a deposit of \$500 from each club in the league; as a guarantee fund, to be deposited with the treasurer, who will be required to furnish a guaranteed approved trust bond, in the sum of \$3,000. The secretary will also be required to furnish a bond of \$1,000.

All of the towns that will be included in the new league are good cities, wide awake, and with records as good as baseball towns.

The objection has been raised with the K. I. T. league that the towns are too far apart and that the majority of them are not good baseball towns, while some of them do not play Sunday ball.

TO CAIRO

SUPERINTENDENT EGAN INSPECTING THIS DIVISION

Superintendent A. H. Egan, of the Louisville division of the Illinois Central, was in the city last night and today on business, and left this morning at 9:30 o'clock for Cairo on business.

The business on the Louisville division and Cairo extension is enormous and the officials are watching it with keen interest to avoid any possible delays to movements of trains. The Cairo extension is an important section of the road and much freight is handled over it.

Mr. Egan will return to the city tonight after an inspection of that division. The local freight condition is astonishing and daily hundreds of cars are hauled over the division. The local yardmaster has all the work he can do and "then some more" and the clerks are kept constantly at work day and night.

NOTICE.

On Monday, the 17th day of October, 1904, at 10 o'clock a. m., at our office, we will offer for sale to the highest bidder, at public outcry, three 5 per cent. 30-year Consolidated First Mortgage Bonds of the Paducah City Railway, for one thousand (\$1,000) dollars each. Terms cash. Further particulars made known at sale. AMERICAN-GERMAN NATIONAL BANK, 227 Broadway, Paducah, Ky.

BIG BOAT BUILDERS HERE.

Captains Ed and James E. Howard, of Jeffersonville, Ind., were today at the Palmer. They are the well known boat builders, and have been to St. Louis to make estimates on some new steamers to be built there, and stopped over in Paducah to bid on the Chattanooga.

CROP CONDITIONS IN COUNTRY AND STATE

Favorable Temperature Reported in Many Places.

Late Tobacco in Kentucky Has Improved a Great Deal This Week.

FARM WORK IS WELLED UP

Washington, D. C., Sept. 28.—The weather bureau's weekly summary of crop conditions is as follows:

In the central valleys and southern districts favorable temperature prevailed during the week. The rainfall was unequally distributed, being excessive in portions of the Gulf States and Oklahoma.

In the principal corn-producing states west of the Mississippi river late corn has experienced favorable weather conditions, and the crop is generally maturing rapidly. East of the Mississippi river late corn has ripened slowly on account of cool weather. While it is practically safe, in the south, it requires one or two weeks more in the north. Frosts caused some injury to corn in the northeastern part of Ohio and considerable damage in New England.

The harvest of spring wheat is completed and threshing is well advanced. Cotton opened rapidly in all sections, prematurely in Georgia and Mississippi, and picking is being pushed, but was delayed somewhat by rains in Florida, Mississippi, Oklahoma and Texas, and a scarcity of pickers is reported from localities in central and eastern districts. Reports indicate that a very light crop may be expected.

The state crop report is: Showers occurred in many places on the 19th and 20th, and again the 24th and 25th.

Late tobacco has improved considerably and the crop as a whole will be somewhat better than expected. Cutting progressed fairly well during the week, and that in the barns is curing nicely.

Corn has ripened slowly and harvesting has been correspondingly slow. It is quite irregular, some early fields being unusually fine, but much of the late is very poor. The total yield will be less than expected and the quality not as good.

Considerable plowing was done during the week, and some wheat and rye sown but more rain is needed to facilitate the work.

Irish and sweet potatoes are generally good, but gardens have dried out in many places.

Clover seed is being hulled, and only a fair yield reported. Sorghum is being made up with satisfactory results.

Apples have continued to deteriorate and the yield is poor. Peaches are better, but very irregular.

Farm work is generally well up.

ONLY BRUISED

Miss Flora Nall in the Knoxville Wreck.

She is a Sister Of Mrs. Van Culin and is Popular Here.

The following from yesterday's Louisville Times will be of interest here as the young lady mentioned, Miss Flora Nall, is a sister of Mrs. David Van Culin, and frequently visits in Paducah where she is very popular:

"Col. I. B. Nall received information today of the narrow escape of his daughter, Miss Flora, who was on the Southern train wrecked near Newmarket, Tenn. Her cousin, Mrs. Bain Richardson, of Jacksonville, Fla., accompanied her on a visit to Mrs. Harry Shanks, of Knoxville, Tenn. Mrs. Richardson was taken ill with malaria fever. She was just well enough to leave for her home with her husband, Mr. Bainbridge Richardson, but requested Miss Flora Nall to return with her as she was so weak. They took the ill-fated train, but luckily were in the sleeper and received only a shock as the two trains came together. Their baggage was in the smash-up and will probably be lost. Mrs. Shanks, who is a sister of Miss Nall, heard of the terrible wreck and knew they were on that train and her anguish until news came from the party that they were safe, may be imagined."

ABCESSES.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."

ABCESSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc.

STILL ALIVE.

Although This Indiana Man Has a Broken Neck.

Indianapolis, Ind., Sept. 28.—Strapped to a bed from which he can not hope to rise for thirty days or more, Martin L. Carpenter of Columbus, Ind., is a patient at the city hospital, suffering from a broken neck. Carpenter not only will survive his injury, the surgeons declare, but will recover, although for the next twelve months he has the heavy cross before him of wearing a rigid brace fastened to his shoulders and supporting his head.

Carpenter has given a description of the various feelings he experienced from the time the blow felled him until the physicians announced that his recovery is certain.

"When the iron girder struck me," he said, "it hit squarely in the back of my neck and knocked me about 15 feet. The thing was all done so quickly that I scarcely knew what had happened. The first thing that I knew I was in an ambulance being driven rapidly to a hospital. It was not until several hours later, after I had been bandaged and the weights attached, that I began seriously to realize that my neck was really broken. Since that time my feelings have varied greatly. At first it seemed

OLD MARKET PLACE

Is Now Being Torn Away for the New One.

Reported Mr. Eaker Will Make a Neat Profit From the Material.

This morning Mayor D. A. Yeiser turned into the city treasury \$210 in gold, the money paid the city by Contractor Ed. Eaker for the old market house.

The wood work is small in comparison with the brick on the floors. The brick is hard, the very best procurable when laid, and have worn but little, this being in the center of the market where the most of traffic was done. The brick were laid on the edge and are still fit for use as foundations.

Contractor Katterjohn wanted to give \$160 for them if permitted to use them in the foundation of the new market house he will build.

It is understood that Mr. Eaker has already disposed of much of the material at a good profit, getting \$200 for the brick and stone, and \$8 each for the big posts inside the building. The work of tearing down the structure, however, will probably cost over \$100. This work began today, and will be pushed as rapidly as possible, but it is not known how long it will require.

Tomorrow morning the market house will be at Second and Jefferson, in one of the tobacco warehouses.

SEVEN DAYS

A Noted Astronomer Was Buried in the Snow.

Geneva, Sept. 28.—Dr. Albert Senoukine, the great astronomer, has gone to his home in Germany, after a week's stay in a hospital here. The doctor and a Swiss guide went through a terrible experience in the observatory on Mont Blanc. They ascended during fine weather. The doctor intended merely to take observations one night, and carried but a few biscuits, chocolate tablets and brandy. A storm broke that night and continued for three or four days. The observatory was absolutely buried under the snow. The two men were rescued by a large party of guides seven days later. The rescuers had cut their way through mountains of snow.

The Medicine Mother Used.

Wine of Cardui has stood the test of time. It has cured the grandmothers, mothers, sisters and daughters of two generations. It cured women seventy-five years ago. It is curing women today of such troubles as disordered periods, bearing down pain, inflammation of the parts, nervousness and weaknesses of all kinds peculiar to the sex.

Wine of Cardui smoothes the path of girlhood, preventing severe trouble at the coming of womanhood, by correctly establishing the function so necessary to womanly health. As an emmenagogue it is the support of a woman through life, preparing her for the ordeal of childbirth and ensuring her a quick recovery of her strength which is necessary to motherhood. Wine of Cardui taken periodically will dispel attacks of weakness, and at the time when her health is menaced at the change of life it will ensure a healthy old age.

Wine of Cardui

This great tonic for women is within the reach of every sufferer. There is no expense of a specialist attached to the treatment. Secure a dollar bottle from your druggist today and you can get the same grateful relief that over 1,500,000 other suffering women have secured. Your druggist will sell you the same medicine that has been curing grandmothers, mothers, sisters and daughters for seventy-five years.

Here are a few of the 1,500,000 cured women who owe health and in some instances life itself to Wine of Cardui. Reading this list should induce every sufferer to take Wine of Cardui.

TAINTED BLOOD

Columbus, Ohio, May 19, 1903.
Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STEUBINS, Cor. Barthman and Washington Aves.

Wheeling, W. V., May 28, 1903.
My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STEIN.

TOBACCO SALES

GOOD OFFERINGS AND SATISFACTORY PRICES PREVAIL TODAY.

The regular tobacco sales are on today in Paducah, with about the usual number of offerings and good prices. The sales today and tomorrow may reach 400 hogheads.

Next week there will be no sales, as the tobacco men have agreed to hold none in order that those who want to visit the World's Fair may do so. It is likely that quite a number of them will avail themselves of the opportunity to leave, which is the first they have had.

CAPITOL SITE

Sixty Five Legislators Favor New One.

Seventeen Opposed and the Others Are Not Heard From.

Sixty-five members of the general assembly out of eighty-two who have gone on record in reply to inquiries of the Commercial Club favor the enactment of a law by the legislature in extraordinary session to provide for the purchase of a new capitol site, says the Courier-Journal. The remaining seventeen members who have been heard from express themselves unfavorably, and a further poll of the legislature will be secured by addressing a second letter to the members who have not answered the first. The total number in both houses is 138.

From the encouragement which has been received, the Commercial Club is strongly in favor of sending a special delegation to Frankfort to wait on the governor, asking him to call the legislature in extraordinary session. If the results from the second letters are as successful as the first have been, the club will take definite action on the matter, and will throw its influence in favor of calling the representatives and senators to Frankfort. A clear majority in each house is necessary to make the changes proposed, and it is believed that they can be secured. President B. A. McDowell said yesterday afternoon.

"We will send a second letter at once to all members who have not answered, and when it shall be found that the club will be able to give the governor a reasonable assurance of the success of the bill, a committee will be appointed to go to Frankfort and present the matter. From present indications, the outlook is bright."

AT FRISCO

RHODES, BURFORD FURNITURE CO. OPENS A WAREHOUSE AT THE GOLDEN GATE.

Mr. S. J. Burford, of Louisville, of the Rhodes Burford company, has returned from a trip to San Francisco, where he arranged to open a warehouse on October 15 for the firm's Oriental importations. This is one of the most important steps ever taken by this progressive company, which has a store in Paducah and a half hundred in the south and west, and will enable them to sell products from China and Japan much cheaper as a consequence.

The warehouse will be a mammoth structure, and will have a capacity for storage unexcelled by any similar house in San Francisco. By importing matings, rugs, bric-a-brac and other articles from the Orient direct, Rhodes-Burford company will be in a position to more than compete with those firms which get their importations through New York jobbers.

Mr. Burford says that the California warehouse will be the firm's distributing point for all imported goods of an Oriental character, and that where his house formerly imported a few hundred pieces at a time, it will now bring goods in from China and Japan by the ship load.

A PISTOL

IS WHAT KILLED MARSHAL AT JOPPA, ILL.

Further details of the accidental death at Joppa, Ill., of Town Marshal James W. Johnson, are that the deceased was shot with a revolver. He and a colored man had swapped revolvers, and as the latter handed the former his newly acquired property the muzzle was toward Mr. Johnson, and by some unaccountable touch or grip of the trigger by the colored man the piece was discharged, the ball taking effect in the region of the heart and causing death within five minutes.

WORK ON BIG TANK.

The work on the big 52,000 gallon water tank near the old dispatching offices in the local Illinois Central south yards, is progressing nicely and the foundation will be finished today or tomorrow and the actual work of putting up the tank will then begin. The tank is one of the largest on the division and will greatly facilitate the movement of trains, the through engines not being forced to go to the shops for water. The coaling and watering can be done right at the chute and this is one improvement which will save the road much time and money in the future.

MUCH CONFUSION OVER REGISTRATION

The Democratic Political Legislation Causes Trouble.

It Is Uncertain Thus Far What the Courts Will Decide Relative to the New Law.

MANY INQUIRIES ARE MADE

Frankfort, Ky., Sept. 28.—Many queries are coming to state officials here regarding the new registration law which is operative for the first time at the October registration next week. There is quite a difference of opinion as to whether the certificate of registration which is to be issued by the registration officials should contain the names of all of the precinct officers of election or only that of the clerk of the precinct in which it is issued. In many of the counties the certificates have been printed with only space for the clerk to sign his name, while in others space has been left for all of the precinct officers to sign. It is urged that the legislature did not contemplate having the certificate signed by more than one of the officers, though issued in the name of all, as it would be unnecessary and requires too much time to have all four officers attach their signature to each paper. Attorney General Hays thinks all should sign the certificate.

Another matter that is causing some discussion is the failure of the law to provide for the issuing of certificates of registration, after the regular days of registration, by the county clerks of the counties. Under the old law persons absent from the city or ill could make affidavit and register in the office of the county clerk later and be entitled to vote. The present law does not provide for the issuing of registration certificates by county clerks except where they have once been issued and have been lost. It is thought that this defect can be gotten around by proceeding in this matter under the old statute and having the clerk, upon affidavit of the person, issue a certificate setting forth that the voter has so gotten his name on the poll books.

It is generally thought here that the extension of registration to towns of the sixth class was inadvisable, as many of the small incorporated towns in the state have practically gone out of existence, having no town trustees or other officials, yet they will have to comply with the registration law. In one instance that has come to the attention of Chairman Hager the residents of two such towns, located within a mile of each other, vote at one precinct in one of the towns. In another instance a town of the sixth class is in two counties and the residents of one half of the town go several miles in the country to vote. In this latter case registration certificates will have to be provided for some of the voters in a precinct and not for others.

The question of the constitutionality of the act is now pending before the court of appeals in a case brought here from the Kenton circuit court, in which Special Judge Mackoy held it to be illegal. A decision is expected within the next few days, probably before the day fixed for regular registration.

WOULDN'T GET OFF

THE LAST SEEN OF THIS DOZEN TURKEYS THEY WERE FLYING FEATHERS.

There was a surprised lot of turkeys on the Cairo extension of the Illinois Central just outside the city this morning when passenger train No. 801 ran into a flock of 12 turkeys and it is believed killed every one of them.

The train is the regular morning train from Cairo to Paducah and arrived at 7:45. The train was bowling along at a rapid clip of speed when the turkeys which were feeding about the track took to the middle of the rails. A witness stated that the turkeys walked in single file until the engine was nearly on them and then began to run but did not leave the track. The engine struck them and there were feathers flying about in profusion. As the train sped on the spectator looked back and stated he did not see a turkey alive.

HAD A GUN

Bad Negro Arrested Aboard an I. C. Train Last Evening.

Brought to the City For Trying to Shoot Conductor Mullinix.

A negro giving the name of Jordan Lightfoot, alias Sam Jones, was taken from an Illinois Central train here last evening early bound hand and foot and locked up on a charge of trying to kill Conductor George Mullinix, above the city the negro drew a .45-calibre gun and attempted to shoot the conductor, the trigger, it is said, refusing to work.

He was seized by passengers and the conductor, and bound hand and foot to a seat, after his pistol had been taken from him, and 26 cartridges for his pistol were found on him. When the train reached Paducah about 7 p. m. the negro was turned over to Officers Singery and Dick Wood, at the Illinois Central depot, and taken to the city hall. He was there recognized as the negro who shot at Officer William Johnson near Ninth and Court streets about five years ago while trying to escape from theft. He was caught in Mt. Vernon, Ind., and brought back being given one year. He then said his name was Sam Jones, but now claims it is Jordan Lightfoot.

Conductor Mullinix was seen at the train this morning by a reporter and stated: "I first saw the negro a few miles up the road ahead of Eddyville and he paid me thirty-five cents to ride to Eddyville. After Eddyville was left I began working my train and at another station I came upon Lightfoot again. He was seated in the colored compartment and stated he had paid his fare. When I told him he had to get off or pay he whipped me a big pistol and tried to shoot me. In the other hand he had a large knife and seeing he intended using them I grabbed him. The same time Joe Mosley, colored, who works up colored excursions for the road, and who was in the coach at the time, grabbed the negro and the two of us overpowered him and took his weapon away. Mosley guarded him until Paducah was reached when he was turned over to Officers Singery and Woods."

Mr. Mullinix runs on train No. 121, the Louisville and Fulton accommodation train and the fireman on the train stated that he had fired Lightfoot off his engine tank at Dawson and it is supposed he rode the blind baggage until he went into the car and tried to outdo the conductor.

Lightfoot announced in police court that he wanted to plead guilty; that he was drinking and really had acted rather ugly. He gave his name as Lightney and Judge Sanders stuck him for \$20 and costs.

NOTHING DONE

THE COUNTY SUPERINTENDENT WAITING FOR COURT DECISION.

County School Superintendent A. M. Ragsdale, against whom an injunction suit was filed by trustees in school district 25 to prevent him from removing them from office and appointing successors, stated today that he had not removed them or made appointment of successors as the court had not passed on the injunction suit fully.

"Judge Reed stated that he would render a decision in the case on his return from St. Louis and I am waiting until he returns before I act," the superintendent stated. "I think the court will decide in my favor."

It will be remembered a controversy was started by the superintendent and the trustees over the removal of the school house, and the superintendent threatened to remove them.

GATE WORKING

THE N. C. & ST. L. STARTS ITS BEFORE THE ILLINOIS CENTRAL.

The Nashville, Chattanooga & St. Louis and Illinois Central roads have been engaging in a little good natured competition unknown to the general public.

It was in regard to starting in operation the city automatic railroad gates both roads are putting in here. The I. C. shipped the gates several days before the N. C. road but was delayed in putting the gates in operation by failure of piping to arrive. The I. C. announced that it would have its Broadway gate working Monday but failed to do so and the N. C. announced also that it would have its gate at the depot working as soon as, if not sooner than the I. C. Broadway gate, and it did. The N. C. & St. L. gate is working today and the Broadway I. C. gate will not be in actual service before night.

The Tennessee street gate of the I. C. is being fitted out, the piping having come today. These gates will be in service by the last of the week it is stated. The N. C. & St. L. road is installing a gate at Eleventh and Norton and will have this gate working in a few days.

FIRST TIME

IN THIRTY-FIVE YEARS THIS BRAKEMAN MISSED HIS RUN.

Sam Hodgen, colored, who has been running on the Louisville division of the Illinois Central for thirty-five years as flagman, got left last night for the first time since he has been working for the road.

Sam is known by all traveling men and his "sah" to every question is a byword with the traveling public. He does not know how to explain how he got left, but says he got busy and the train "jest pulled away without me."

The accident happened at Fulton where crews are changed and Hodgen was greatly humiliated by the matter, as it was the first time such a thing has happened since he has been employed by the road. He passed through the city this morning on the accommodation train en route to Louisville to catch his run again.

BOSTON'S HEAVY LIFE INSURANCE

The amount of life insurance held in Boston is \$563,700,000, or about \$1,000 for every man, woman and child in the city. These figures do not include the large amount of life insurance carried in the fraternal assessment societies which have a stronger hold on Boston than in any other city in the union, the headquarters of several of the more prosperous fraternal insurance organizations being located there.

ADMIRAL CHARACTERISTICS.

No more fitting nor stronger comment
could be made upon the president's
letter of acceptance than that given in
the following few words expressed by a
woman who takes but little interest in
politics, but who was prevailed upon to
read this splendid paper of the republi-
can candidate for president. "Tremend-
ly in earnest and absolutely straight-
forward!" This expresses fully, not only
the contents of the letter itself, but the
personal characteristics of the writer.
No fault should be found with the can-
didate for president or with a president
himself who is always "tremendously in
earnest" and who is "absolutely straight-
forward." Those few words include ev-
ery attribute that a man need possess
to retain the confidence of his fellow-
men and the respect of the people over
whose destinies he is for the time placed.
A man who is always absolutely straight-
forward and who possesses openness,
frankness and honesty and is at the
same time tremendously in earnest will
always do the right thing at the right
time, according to his best judgment and
sincere convictions; and therein is the
power and strength of our president,
that he does possess at all times most
sincere convictions and these are accom-
panied by a rare judgment amounting
almost to an infallible intuition, bring-
ing about that tremendous earnestness
which we so much admire in public men
who are placed in control of vast inter-
ests whether in business or in govern-
ment, and far from making a man
who possesses such characteristics un-
safe and unreliable, it would seem that
such a man must be the very safest
man, because he will always be true
not only to his own interests but to the
interests of his country and his people.
He will conserve the rights of the Amer-
ican citizen both at home and abroad
and without any act or utterance which
he wishes to have concealed, make his
administration an open book to every
page of which we can point with honor
and pride.

Such a man and such characteristics
are found in the personality of Theo-
dore Roosevelt. He is gaining strength
every day with the American people in
every state of the Union. Even in one
section where many of his acts are de-
plored, he has the respect of a very large
class who know that in his treatment of

the most complicated question which has
been before the people of any nation in
any age he is absolutely straightforward
and sincere, meaning only to do justice
to every man, without regard to race,
color or condition. Such have been the
intentions of Theodore Roosevelt in the
past and such will continue to be his in-
tentions in the future, and with such in-
tentions and the courage to carry out
such convictions there need be no fear of
injury to commercial interests or to any
social conditions in any part of our
great and glorious land.

How different it is with the democ-
ratic nominee, who seems to grow weak-
er and weaker with his party every time
he makes a public utterance. Judge
Parker's letter of acceptance will do him
as much harm as a letter possibly could
do a man who never had any show at
any stage of the game.

PARKER'S AMIABILITY.

Nobody has denied to Judge Parker
the possession of an extremely amiable
disposition. He has a kindly feeling for
all men, including political rivals. If
he had not he could not have main-
tained intimately friendly relations
with "Dave" Hill and "Blue-Eyed" Billy
Sheehan for thirty or forty years, and
could not have consented to have "Pat"
McCarren with him in the present cam-
paign. He dislikes to take harsh views of
anybody, and if he were to get elected the
revels of his party would not suffer
much harm at his hands.

George Ade, the author and play-
wright seems to have sized up the Demo-
cratic candidate with that unerring in-
sight which is his eminent characteris-
tic. "I heard a story," he said recently,
"out in Indiana which seems to fit him.
An old farmer said: 'I never seen this
here feller, Parker, and I never heard
him speak, but, judging from accounts
that I've read of his doin's, he's just
about the sort of a chap that folks
would take to a Sunday school picnic
to hang up the swing for the children.'"

TARIFF AND IMPORTERS.

The importer has come to see and to
acknowledge that he is far better off
under Republican administration under
the operation of a tariff law which
gives employment to our people which
gives them almost unlimited purchasing
power than when duties are low and
wages are low, with a consequent dimi-
nution of money with which to buy any
thing beyond the bare necessities of
life. Consequently we find that a large
number of our importers along the At-
lantic seaboard are rallying to the ban-
ner of Roosevelt and Farnbaker and
acknowledging openly that they pro-
pose to vote for the Republican candi-
dates on the 8th of next November.

The Paducah board of education has
never complied with the law requiring a
truancy officer. There are enrolled here
less than half the number of pupils the
state is paying the city per capita on
and it is more than likely many children
here are not going to school whom the
law requires to attend. In Owensboro
the truancy officer found 350 pupils out
of school contrary to law.

There were two court decisions yester-
day at Frankfort knocking out opinions
of Attorney General Hays. By the way,
there are few attorneys of any ability
in the state who do not laugh heartily
at the opinions rendered by this alleged
lawyer, whom the democrats have put
at the head of the law department of
the state.

President Roosevelt's letter of ac-
ceptance should be read by every
American voter. The Republican party
is willing to abide by the judgment of
the voter who will intelligently con-
sider that document.

Ever hear of a Democrat asking for
support on account of his party's rec-
ord?

October is the latest month in the
year in which Democrats win victories.

Republicans evade no issue; Demo-
crats straddle on all issues.

THE DICK FOWLER
TO LEAVE TRADEFast Steamer to be Sold by the
Fowler Company.A New Boat Will Be Built For the
Paducah-Cairo Trade as Soon
as Possible.

MEMPHIS MEN AFTER A BOAT

The handsome Dick Fowler may never
again be seen in the Cairo and Paducah
trade. It was little thought when she
went to the bank a few weeks ago on
account of low water, that it might be
her last trip in the trade, but it is not
only possible, but probable.

The Fowler is now for sale. Capt. Joe
Fowler this morning verified the report
that her owners wanted to sell her, and
stated that when she was sold he would
be ready to make a more definite an-
nouncement in regard to the future trade
between Paducah and Cairo.

It is understood in river circles that
the Fowler company will build a smaller
boat for the trade. Not only do they
need a light-draught boat on account of
the annual low water season, but be-
cause the new railroad now in operation
between Paducah and Cairo has un-
doubtedly changed conditions to some
extent.

It is said the new steamer will have
a forty foot beam. It will no doubt be
an easy matter to sell the Dick Fowler
as there is not a better boat nor a faster
boat on the Ohio river for her size.

The Dick Fowler has been a favorite
in these waters for many years, taking
the place of the Gus Fowler. Capt. Fow-
ler said today that the company had re-
ceived offers for her, but had not sold
her. The new boat will be able to run to
Cairo during the lowest stages of the
river.

Capt. J. D. Fuller and W. P. Hall, of
Memphis, are in the city looking over
the boats that are for sale, and may pur-
chase a steamer before they return.
They are extensively interested in the
steamer business on the Mississippi and
desire a small boat for towing purposes.
Incidentally they bid on the steamer
Chattanooga today, although they look-
ed her over beforehand and decided they
could not use her. They went over to
the island and looked over the John
Samuels, but have as yet made no pur-
chase.

Capt. Fuller many years ago in Padu-
cah built the Ruth, a new boat turned
out complete. Both are well known in
Paducah.

CHATTANOOGA MAN
BUYS THE STEAMERThe Sale Was Attended by Many
People.Captain Trigg Buys the Chattanooga
For the Tennessee River Trade.

HE PAYS \$7,500 FOR HER

The steamer Chattanooga, which was
broken in two by running onto the rock
at Big Chain in Tennessee river, was
this morning at 10:35 o'clock sold by
Deputy U. S. Marshal George Saunders
to J. N. Trigg, of the Chattanooga
Steamboat Co., one of the owners of the
boat, for \$7,500, he being the highest
bidder. The boat was sold by order of
the court to satisfy claims against her
and bidding was lively for a time.

The sale of the boat had been adver-
tised at 10 o'clock, but as early as 9
o'clock steamboatmen were aboard the
boat, which had been moored at the
wharf at the foot of Broadway. Among
the prominent men here to attend the
sale were: Captain Ed. Howard, of the
Jeffersonville shippers; J. D. Fuller and
W. P. Hall, prominent steamer men of
Memphis; J. N. Trigg, president of
the Chattanooga Steamboat Co.; W. C.
Wilkey, of the Chattanooga Transporta-
tion Co.; Captain Frank Cassidy, of
Cairo; Garnet Andrews, of Chattanooga,
and local steamer men.

Deputy U. S. Marshal Saunders read
the order of sale and opened the sale
at 10 o'clock sharp. The first bidder
was Mr. Andrews, who bid \$2,500. Cap-
tain John S. Summers bid \$3,000 and
his was followed by a bid of \$4,000 by
Captain Howard. Captain Summers bid
\$4,500 and dropped out for a time. Cap-
tain Howard bid \$6,000 and then raised
it \$500 when bidding lagged. Captain
Trigg stepped in and bid \$6,000 and Cap-

BACKACHE AND DIZZINESS.

Most of the Ailments Peculiar to the
Female Sex are Due to Catarrh
of Pelvic Organs.

MRS. M. BRICKER.

"A short time ago I found my con-
dition very serious, I had headaches,
sins in the back, and frequent dizzy
spells which grew worse every month.
I tried two remedies before Peruna,
and was discouraged when I took
the first dose, but my courage soon
turned. In less than two months
my health was restored."—Mrs. M.
Bricker.

The reason of so many failures to
cure cases similar to the above is the
fact that diseases peculiar to the
female sex are not commonly
recognized as being caused by catarrh.
Catarrh of one organ is exactly the
same as catarrh of any other organ.
What will cure catarrh of the head will
also cure catarrh of the pelvic organs.
Peruna cures these cases simply because
it cures the catarrh.

If you have catarrh write at once to
Dr. Hartman, giving a full statement of
your case, and he will be pleased to give
you his valuable advice gratis.

Address Dr. Hartman, President of
the Hartman Sanitarium, Columbus, O.

John Howard dropped out. The bidding
was parried down to two men, Captain
Trigg, of Chattanooga, and Mr. Hall, of
Memphis. Mr. Hall wants a boat to do
his stave towing about Memphis and
seemed anxious to have the Chattanooga.
He raised the bid \$100 and Trigg
bid \$6750. The bidding between them
continued as follows: Hall, \$6750;
Trigg, \$6850; Hall, \$6900; Trigg, \$7000;
Hall, \$7025; Trigg, \$7050; Hall raised
it to \$725, and Trigg bid \$750. Hall
saw he was followed by a \$50 raise
by Trigg. The bidding continued in \$25
bids until Hall bid \$7425; when Trigg
made it even \$7499.

The sale was closed to Trigg at this
point and he stated he would continue
to run her in Tennessee river trade, when
needed. The boat will be delivered
to him at the ways where he will have
a craft fitted out and he will begin
work on it immediately.

Messrs. Hall and Fuller want a boat
and are dickering for several. They
have a big business and Mr. Hall years
ago built a fine boat here to do towing
tr. J. S. Jackson doing all the boiler
and iron work on her.

The sale was attended by several hun-
dred people, among them being attor-
neys, tradesmen and men in every pro-
fession.

This is the first sale of such a big boat
held here in several years, and naturally
caused much interest.

There was a total of thirty-one bids
laid on the boat. The bidding was
low at times, but Marshal Saunders
acted himself an excellent auctioneer
and got several hundred dollars more
for the boat than river men thought it
could bring, although she was appraised
at \$10,000.

The history of the boat is long, hav-
ing been originally the Megiddo, built
by a gospel band which visited river
owns and lived on the boat. She was
bought by Mr. Trigg and associates, was
converted into a packet boat, and named
Chattanooga. The rudders, on the craft
were so built as to make her hard to
steer in shallow water, and to this Pi-
t. Harry Brazelton partly attributes
the accident when the boat ran onto the
rocks at Big Chain several months ago.
The claims against the boat amount
to about \$14,000. There are many debts
which have never been filed in the court
and only those filed in court will be con-
sidered when a division is made of the
proceeds of today's sale.

The sale has now to be confirmed by
Judge Walter Evans before it becomes
operative.

A Birmingham jewelry firm is said
to be engaged upon the manufacture of
magnificent cigar case for the Shah of
Persia. On the top are portraits of the
Shah's eight sons. The total cost will
be nearly \$15,000.

FARNBAKER GOES TO
START NEW LEAGUEMr. Hancock Returned to Hop-
kinsville Today.It Is Very Probable That the K. I.
T. Affairs Will Be Wound Up
In the Courts.

FARNBAKER HAS ADJOURNED

Mr. W. H. Hancock returned to Hop-
kinsville last night after attending a K.
I. T. league meeting in Cairo and Padu-
cah.

Mr. Hancock stated that Sec. Farn-
baker at Cairo held several hundred dol-
lars of the league money and that he,
Mr. Hancock, as secretary of the league,
also held a little money and he expected
the matter would finally be brought into
the courts to settle the financial part of
the matter.

"I expect that Farnbaker will divide
the money he has between Cairo and
Vincennes," he stated, "but of course
this is merely a matter of opinion. If
he does this will bring it into court and
we can settle it this way."

Mr. Hancock, holding two proxies and
President Irving Thompson with the Pa-
ducah association representative, held a
meeting yesterday and awarded the pen-
nant. This is the last meeting to be
held until arrangements for the next
season are to be made.

The Cairo Bulletin of today says:
"Another meeting of the representa-
tives of the towns in the K. I. T.
league was held yesterday at the Halli-
day House and nothing was accomplish-
ed in the matter of awarding the pen-
nant."

"All of the representatives left for
their homes with the exception of Direc-
tor Gosnell of Vincennes. In the after-
noon Mr. Gosnell and Secretary Farnba-
ker held a meeting and adjourned to meet
at Vincennes subject to a call of the
league secretary. This meeting will prob-
ably be held in January.

Secretary Farnbaker left last night
for St. Louis. From there he will go
to Vincennes, thence return to Cairo and
then to Jackson, Tenn., in the interest
of the formation of a new league."

Theatrical Notes

"The Sign of the Cross," which
will be seen here on Thursday evening
under the management of Fred G.
Berger, visited St. Louis for the third
time this season, and in a letter to
Mr. Berger Archbishop John J. Keim,
of that city, says:

"From the remarks made to me by
some who have witnessed the play, I
am led to the conclusion that 'The
Sign of the Cross' is a theatrical per-
formance which all may witness not
only with pleasure but also with
profit. It seems to awaken sentiments
akin to those excited in the soul of a
Christian by the famous 'Passion
Play.' Seats are now on sale for the
performance and the prices from 25
cents to \$1.00.

The Tendrefoot Company left Padu-
cah this morning at 7:45 o'clock over
the N. C. & St. L. road for Nash-
ville. The company traveled in two
special cars, one being for the com-
pany and the other the baggage. One
department of the baggage car was set
aside for the donkey used in the show.

A large audience enjoyed Richard
Carle in "The Tenderfoot" at the
Kentucky theater last night. Despite
the hot weather and other attractions,
every seat in the balcony and gallery
was sold, and the down-stairs seats
were nearly all taken before the per-
formance was half over.

It was Mr. Carle's first visit to Pa-
ducah, and he sustained the reputa-
tion that preceded him. Although
somewhat hoarse, he was able to keep
the audience laughing during the
time he was on the stage.

The costuming and chorus cannot be
excelled. Mr. Carle is simply inimi-
table and was by himself worth pay-
ing a dollar to see and hear.

Edmund Stanley, the tenor, Charles
Morgan, the sergeant, and Henry
Norman, as "Honest John," not only
have voices equal to their parts, but
are good actors. Mr. Stanley's solos
received several encores. William
Rook, as the Chinaman, is a man
famous in the cities for his Chinese
stunts, and even those who did not
know this could not help feeling that
his work was exceptionally good.

The great meeting has closed and
the interest was good until the end.
Tonight the usual prayer meetings

The evening service brought out a

BIG MEETING TOMORROW.

The regular meeting of the Elks' lodge tomorrow night promises to be one of the biggest in the history of the order. A new building for the lodge is to be voted on, and whether or not the lodge will build the coming year may depend on the vote. The project has remained in statu quo for some time because some of the Elks do not deem it advisable to build until they get more money.

This splendid work on oratory and statesmanship has been made in six handsome 12mo. volumes, printed from new, large type-set plates, on the best book paper, and bound in the best book linen cloth and lettered and embossed in gold. Two-color title pages and halftone illustrations embellish the volumes. The general style is in keeping with the binding usually found in a well-selected library. It is a set of books especially adapted to the students of the present generation, both old and young, and there is no collection of literature that the intelligent young student could study with greater profit. As an educational work it has been pronounced one of the most valuable publications that can be obtained at moderate cost. Following out our idea of providing our readers with opportunities of securing many of the best standard books at moderate cost, we now offer to our readers a proposition which is certain to be of great value to them. We have determined to furnish this popular collection of books as a premium for old and new subscribers to our journals, making the terms so easy that all who will may have them, notwithstanding the fact that the publisher's price for identical sets of books is \$9.00. With every set there is included a complete set of portraits of the presidents of the United States and their orations. Instructions are given how to frame these pictures at home by the paste-partout process. These prints are halftones from the finest collection of steel plates in existence. These portraits are separate and are additional to the many illustrations to be found in the set.

TO SETTLE QUESTION

JUDGE EVANS WILL DECIDE ABOUT BEERINE IN FEDERAL COURT.

Judge Evans of federal court, will probably decide at the approaching November term whether or not a man can retail beerine without paying the government license. It is claimed that the decoction is non-intoxicating.

Several cases are now awaiting settlement in the federal court, one being sent up yesterday when W. T. McAdoo, of Fulton, was held for grand jury action and released on bond.

It seems that in local option towns the liquor has a big sale, and the temperance people are trying to stop it.

THE CEMETERY

COMMITTEE CHANGES ITS MIND AND WANTS ANOTHER PLOT.

A meeting of the cemetery committee of the general council was held last night at the city hall and it was decided not to recommend to the general council the purchase of the Starr farm. It became evident how ridiculous the idea was to buy property out there for a cemetery and park, with one on each side of the road, at a cost of about \$12,000, and besides, the city hasn't the money.

Last night it was decided to go visit and possibly recommend the Potter farm near the Dick Allen farm on the Hickleville road. This is several miles from the city, and it is understood will cost \$50 an acre.

The committee also last night decided to recommend to the council a new deed book for the cemetery.

INSPECTOR TAKING VACATION. Captain Phillips, superintendent of floating stock of the Illinois Central, has gone to Pittsburg, Pa., his home, for his health, which has not been good lately. JIM JEFFRIES BLOSSOMS OUT AS A HERO IN LURID MALADRAMA

San Francisco, Cal., Sept. 28.—"Take back your letter, lady, I'm only a backwoodsman, and I can't read."

So spake Jim Jeffries on the stage of the Alhambra theater. As he said the words his big right hand—the one with which he felled Munroe—thudded "hopelessly" against his thigh; his big square chin—the one Munroe couldn't reach—dropped dejectedly on his chest.

It was all make believe, of course. It was rehearsal time, and it was Jeffries, the actor, and not Jeffries, the champion, who bemoaned his lack of education.

These are busy times for Jim. Prize ring opponents are scarce, and he feels it incumbent upon him to star in "Davy Crockett" just to keep the wolf from the door. He has been in training for the character for weeks, and now the members of the cast are part perfect, and the company is about to take to the road.

This isn't Jim's first venture as a Thespian. He toured the footlight belt once as the principal offender in "The Man From the West," but that was easy compared to "Davy Crockett." Easy because of the exaggerations of the piece. It reeked with bloody conflicts in runaway balloons and all that sort of thing. Every wrinkle in Jim's wild western costume harbored a revolver or a Wyoming scimitar, and

there were no such things as forgotten lines or stage waits. If anything went badly all they had to do was to fire a few shots or rob a stage coach until the action of the play swung into line again.

In "Davy Crockett" the chance to extemporize doesn't exist. Jeffries has to get closer to nature, so to speak, but even at that the part should fit him like a mudbath. In the very first glimpse you catch of him he is striding down a mountain path with a dead deer on his back. The creek he crosses looks like the creek up at Harbin, and if the cottage he makes for only had the sign "Haywards" over the door the scene would look a bit like Jim's daily life up in his camp at the springs.

The most trying passages for Jim are his love scenes with "the leading lady." In the second act, for instance, where he finds her suffering from cold feet and other symptoms of frost bite and carries her tenderly to an imaginary fire, it is extremely necessary that he should like a ministering angel, and not like "the greatest pugilist on earth." When Ellen, coming out of her arctic swoon, murmurs "those tender eyes; that gentle face which bent o'er me," it was no dream. It is highly essential that Jim's fighting mug should be packed away some where with the punching bags and the skipping rope.

MISSING LINK

An American Claims to Have Discovered it.

It is a Species of Monkey Much Like a Human.

Paris, Sept. 28.—The celebrated American anthropologist, Dr. Wedderhouse, who has been spending several years in Java, studying the habits of the wild tribes of that country, has just been heard of through the courtesy of Herr van Bueren, a wealthy Dutch planter.

Herr van Bueren, in a letter addressed to a friend in Paris, says that Dr. Wedderhouse was recently lost in the forest on one of his inland journeys, and obliged to spend the night under the trees. The next morning, on waking, he was startled by hearing a voice in the branches above him, saying, as well as he could make out, "Kurry, kurry!" He then noticed a curious nest-shaped structure in the tree and saw a queer creature, with long brown hair all about its face, scurrying down the trunk. Dr. Wedderhouse hurried home, and soon returned with camping material in sufficient quantities to last him through several months, observation. He is once more back at the home of his friend, and has made known to him what he saw.

Dr. Wedderhouse is convinced that he has come upon the "missing link," so much discussed by scientists. He says that these queer monkey-men are fairly well known to the savage tribes of the forest, and are called by them "Ash Perizil." As far as he was able to ascertain, they do not have a numerous offspring, and in a few years it is likely that the race will die out. In stature they are small, and, though they have hair upon their bodies, the covering is not in the nature of a fur, like that of the real ape. The hair about the head however, is very thick and long, and at the base of the spine they have a short, furry tail. They are apparently very clean in their habits and bathe several times a day in the forest streams. They seem to have primitive instincts of coquetry, as the females wear long strings of dried berries and tiny sticks of wood around their necks. They take excellent care of their little ones. The mothers are in the habit of putting their babies to sleep by singing to and rocking them. They have a distinct language, but their vocabulary is limited. Their food consists of fruit, roots, birds' eggs and fish. They seem to take a great fancy to a fire, but are incapable of lighting one.

Dr. Wedderhouse was unable to capture one of the creatures alive, and did not wish to kill any. He has, however, taken photographs, which he will make public when he publishes the result of his investigation, which will undoubtedly create a sensation in the scientific world. He hopes to return to America soon.

SPRAINS.

S. A. Read, Cisco, Texas, writes, March 11th, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c, 50c, \$1.00. Sold by DuBois, Kolb & Co.

THE FIREMEN

ALL GRAND OFFICERS RE-ELECTED AT BUFFALO MEETING.

Buffalo, September 28.—The entire roster of grand officers of the Brotherhood of Locomotive Firemen was re-elected at yesterday's session of the convention. Some opposition to the re-election of Grand Master Hannahan developed, and Frank McManany, of Grand Rapids, was nominated against him. Hannahan, however, carried the convention by a large majority. The question of the location of the permanent headquarters probably will be left in the hands of the grand officers and the friends of Peoria seem likely to be successful in inducing the firemen to lease their headquarters in that city.

Hearts Courageous

Copyright, 1902, by THE BOWEN-MERRILL COMPANY

The two were vastly dissimilar. One, the younger, was clad in dark velvet, wore lace and a sword. His fine face was pale with the look of the scholar. The other, walking by his side, with a saddlebag over his arm thrust through the bridle of a lean roan nag, wore hunting dress, with a small cap. He looked to be turned thirty-five. His face was keen and sallow, with Roman profile, and his eyes were deep set under overhanging brows. For the rest he moved his spare body awkwardly, slouching, with a ravenous stoop of shoulders, as one at happier ease in the woods than the street. Both bowed gravely as they came up, the face of the horseman searching the group and brightening suddenly with a flash of smile at sight of Anne.

He passed on, but the younger turned back, nothing loath for a moment of chat.

"Gossiping of the ball tomorrow, I'll swear!" he laughed. "Are the furbelows all those?"

"Tell us, Mr. Jefferson," cried Betsy Byrd. "Have you seen the new come beauties? They say Lady Dunmore is lovelier than her daughters."

"I have been away for a fortnight," he answered, "and cannot say. I would I could say 'Aye,' he added humorously; "I would relieve much anxiety."

"Tis the dreadful uncertainty of you masculine lovers," Anne countered archly, "that keeps us poor maids in terror."

"Tis said," put in Paulina, "that his excellency will publish a new code for the palace etiquette. Think of it! Just like a real court! There is to be a chamberlain, and all gentlemen are to unbuckle before the portraits of the king and queen!"

The young man looked dark. "Would he keep to his court etiquette?" he exclaimed. "See you the green sander?"

All turned their gaze toward the lower end of the street where sat the new two-storied capital, with its tall cupola and clock. Generally there were to be seen bourgeois, singly or in couples, passing in or out. Now the space before it was covered with a mass of men, talking, gesticulating, walking from group to group. One could almost imagine an accompanying hum, like the sound of a distant bee swarm. As they gazed the knots separated and moved slowly toward one of the side doors.

"They enter the left," said Anne. "Tis not the usual sitting of the house, then. Has the governor summoned them to the council chamber? And for what?"

"For what?" repeated Jefferson wrathfully. "For the resolves, printed today in the Gazette, appointing a day of prayer and fasting because of the shutting of the port of Boston. His excellency—I had like to have said 'his majesty'—is in a fine rage. The Virginians are in no mood to bear more flogging. One can scarce say what will befall if he dissolve them!"

"There was well nigh a wall at that," murmured Mistress Byrd, "then there will be no ball?"

Jefferson smiled, but a spot of tempestuous red burned Anne's cheek as she flung up her head. "If the governor clipped all save ten of Virginia's bourgeois into the prison yard," she said slowly, "then he would give his lady the ball of welcome. They are Virginians."

"See!" said Jefferson. "He is coming."

At the end of the broad reach which spitted Duke of Gloucester street midway, nearly opposite them, stood the palace, brick red, greened with creepers, lifting its tall lantern above gardens laid in the Italian fashion in shapes of stars and horseshoes. Now its front sprang suddenly into action. A great chariot, very splendid, with vice regal trappings of gilt and leather, whirled up at the steps, and two figures entered it. The vermilion liveried outriders broke into gallop, and the team of six milk white horses wound through the many aced grounds sown with silver grass and studded with mulberry and catalpa trunks, like gnarled, one-legged dancers, and swept at a smart trot into Duke of Gloucester street.

His excellency Lord Dunmore, red and thick necked, with Captain Foy, his cold featured aid, beside him, rode to the capital.

The splendid chariot, brought from London to awe the Virginians, went at speed along a way suddenly grown a-bustle. The unwanted summons to the council chamber had gone abroad, and Williamburg, full to the brim of the Potomac, the Hampshire and the James, now at their town houses with their families for court season, were come forth to wait and to speculate upon the royal governor's wrath. The road was filling with coaches and four bearing the nabobs and their dames and with sparkling young gentlemen passing on dancing nights. The pave of old Bruton church, wherein of a Sunday sat his excellency in his pew under the canopy, was bright with maids in satin and lace, with beaus showing silken calves and powdered wigs and with students in collared gaudiness of a sobriety by no means ever fitting their habits.

Stout old Governor Botetourt had got many a cheer in the old days as he rode

by in his fine chariot. He was popular, and departed this life in the odor of liking, to receive a statue on William and Mary common. But for the new governor, John Murray, earl of Dunmore, there had come to be many a way look. He had learned Toryism under Lord Bute, as had the king, and nature had made him a Scotch burgher to begin with. Diplomacy to him meant the heavy hand, and charity was as far off as religion.

He rode along this afternoon scowling, abrupt and imperious, as usual, and now with an extra set to his heavy lantern jaw that boded no good.

Beaming adoration was in the low courtesy that Mistress Byrd swept him

"Gossiping of the ball tomorrow, I'll swear!"

as he was whirled past with unseeing eyes, and at the sight Anne's mouth took on little lines of impatience.

"I shall drive to the queen," she said, springing into the seat. "The capital, Raleigh!" she cried to the coachman, and waved sweetly to the group.

"Anne grows a worse Whig every day," pouted Mistress Byrd in a peevish tone. "I am going to wear my celestial blue satin tomorrow night and a white satin petticoat!"

Many a gallant bowed low from the pave as the beauty of Williamsburg went by.

"Silence!" protested young Brooke to Francis Byrd as he petted his lace 'neath the leaden bust of Sir Walter at the Raleigh's entrance. "She would dazzle St. James. Even the Duke Barry was a stick to her!" By the Lord, they should send her to London!" He prided himself upon his foreign travel.

Byrd flushed angrily. It was not to his pleasure to hear her name coupled with such. Nor did it sit well upon the tongue of this dissipated fop. He choked the word that rose to his lips, however, and turned away, looking longingly after the girl that rode by.

LOST HIS MIND.

Former Speaker Henderson Retires From Public Life.

Des Moines, Ia., Sept. 27.—The Republicans of this state have learned with great sorrow that Colonel David B. Henderson, who retired from congress and the speakership of the house two years ago, has suffered so greatly from ill health and the pain of his old army wound that his mind has become affected and his memory has utterly failed him. He will live the remainder of his years in retirement with his daughter. It is given out at his home that he is unable to travel and his mind has shown such a loss of strength so that he can never hope to appear in public again.

It had been planned that the ex-speaker should deliver a few public addresses, and that he might come to Des Moines and welcome his successor, Speaker Cannon, on his arrival in the city next week. But he will be unable to do this.

The primary cause of his mental breakdown is found in his loss of a leg due to an army wound. This caused him much suffering, as the leg has been amputated several times. The great pain with the fact of his high living in Washington while speaker, broke him down. But for the fact that he was a man of great natural strength he would have given up years ago.

When he announced his retirement two years ago, there was much mystery as to why he did it in the manner he pursued. He had just attended a conference of the leading politicians in this city and had announced with much enthusiasm that he would defend the platform just adopted unanimously by the Iowa Republicans, including the tariff plank to which embraced what was then called for the first time "the Iowa idea." Then he went home and immediately wrote a declaration of his congressional nomination, basing his reason entirely on a statement that he could not stand on the state platform. His friends then felt that the incident marked a failing mind, and this is now confirmed.

BROOMCORN JOHNNIES.

Arcola, Ill., Sept. 15.—Arcola is the Mecca of broomcorn "Johnnies," and no Mussulman turns more regularly or devoutly to make his pilgrimage than the old time broomcorn cutter turns to this city about the 15th of September, or several weeks before the brush is ready to harvest hands are arriving and nearly every state in the union is represented in this old congress of broomcorn helpers. Just now Arcola is interesting to behold, with its army of employed and unemployed labor. The idlers—and there are many of them—cover almost every available perchings spot around the railroad park, and line both sides of Main street for a block each way from the central depot. Some of these cutters, Mr. J., been coming to Arcola for twenty years, and have assisted in gathering every crop of broomcorn grown in that time. Just at the west edge of town is a camp of nearly 200 men. Hands are paid \$1.25 a day and board, and there is no lack of them this year.

12,000 ARROWS

Pierced This Man's Body While He Held Services.

London, Sept. 15.—Srimat Murugasa Swamikal, a pious Hindu devotee, says the Penang Gazette, has conducted the Kavady ceremony with 12,000 silver arrows pierced in his body. About ten men were engaged fixing the arrows in the mahatma's body from 10 a. m. to 2:30 p. m. All being done the mahatma put on a pair of slippers, spiked with iron, and proceeded from the Amman temple, owned by the Indian community to the new Kandasswamy temple, erected by about 1,000 people, who sang Devarams and other religious hymns. At the temple entrance milk and water from young cocoanuts was poured on his feet. Then he was relieved of all the arrows. He did a similar thing some time ago in Penang with 10,000 arrows.

NOVELIST TO WED.

George Barr McCutcheon to Marry An Attractive Widow.

Chicago, Ill., Sept. 27.—George Barr McCutcheon, the novelist, and Mrs. Marie Fay, a young widow, residing in Highland park, will be married next week. The formal announcement has not been made, but friends of the couple have been told of the pretty romance in the life of the man who has won fame by writing many romances.

Mrs. Fay owns a handsome home in Highland park, and is popular in North Shore society. She has another home in Oak Park. After the marriage, which will be a quiet affair, the couple will take a trip to Europe. Upon their return they will reside in Oak Park.

According to the Giornale d'Italia, the pope has decided to purchase a motor car for use in the shady groves of the vatican gardens in place of the traditional light carriage drawn by funeral looking horses.

Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

This is to certify that I believe the Shoffner's Sure Cure saved my life. I was not able to sit up in bed when I began taking the remedy. I had such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up some. After using five bottles I was fully restored to health. I cannot say enough in favor of this wonderful remedy for indigestion.

MRS. SUE GRAHAM, Moscow, Ky.

If after using one bottle according to directions you are not benefited, your money will be refunded.

PELL ON HIS HEAD

MR. ALONZO ELLIOTT PAINT FULLY HURT GETTING OUT OF BUGGY.

Mr. Alonzo Elliott, the former councilman, was painfully but not seriously injured yesterday afternoon while attempting to get out of his buggy to escape injury from an unruly horse.

The horse began to buck and kick and Mr. Elliott jumped out. He did not light squarely on the pavement, as intended, and fell on his head. The cut, a deep gash over the left eye reached to the bone, and his cheek was also lacerated and bruised.

This morning he had his head all

bandaged up and his friends could hardly recognize him. His friends will regret to learn of the accident.

NEW ENGINES.

It is announced from the office of the general manager of the Tennessee Central railroad running from Hopkinsville to Nashville that six new freight engines have been purchased and bids are being received for 700 new coal cars. Both the engines and the cars are wanted in the coal traffic. New mines are being opened and the old ones are constantly increasing the output.

PEACE SOON

Agreement in Central America Is Reassuring

Steps Taken to Prevent Any More Insurrections.

Mobile, Ala., Sept. 28.—There is every prospect of permanent peace in Central America is the news brought here today by passengers from places in that country. Through the persistent efforts of Gen. Jose Santos Zelaya, president of Nicaragua, a peace congress has been held at Port Corinto, a treaty adopted a proclamation issued to the public, and it is now confidently believed that insurrections will be promptly put down with an iron hand, and that one republic will not be invaded by its enemies from another republic. In short, the frontiers of the different republics will be closely guarded, and all dangerous and idle characters will be kept under surveillance and within safe bounds at all times.

Present at the convention were Manuel Bonilla, president of Honduras; P. Jose Escalon, president of El Salvador; President Zelaya, of Nicaragua and Maximino Soto Hall, representing President Manuel Estrada Calles of Guatemala. These republics practically comprise Central America. The distinguished gentlemen discussed the question of permanent peace carefully and deliberately and the means of bringing it about. The deliberations resulted in the drawing up of a treaty satisfactorily to all in its terms and one likely to be lived up to in all of its many good features by all law-abiding citizens. The details of this treaty were not given out to the public. One of the agreements was that all matters should be left to arbitration.

BALL GAMES

HAVE BEEN ARRANGED BETWEEN PADUCAH AND CLINTON.

Arrangements have been made between Paducah professionals and the Clinton, Ky., team for a match game of ball Friday and Saturday to be played here.

The Clinton boys have Alexander, who pitched for Hopkinsville this season, to pitch and will use Walters and Deville, of the Delta League, in the field. Crittenden, of the Nashville Southern League, will also play with the Clinton team. They have a pitcher named Ashby who claims he will get a try out with Paducah next season and also a fielder named Halliday who will get a try out here.

Fits of abstraction are of frequent occurrence among pickpockets.

FOUR ESCAPED.

Mayfield, Ky., September 28.—Quite a number of persons who have been convicted of selling whiskey in violation of the local option law were put in charge of Mr. Newt Jeffrey to be worked in graveling one of the county roads leading north of here. Monday they took advantage of a good opportunity and four of them made their escape. They were John James Clarence Wilford, Bailey Aker and George Tilley. So far they have not been recaptured.

DEATH IN GRAVES.

Mayfield, Ky., September 28.—Mrs. Lena Nell, wife of Mr. Ellis Nell, of near Folsomdale, died of consumption. She was 23 years old, and leaves a husband and two children.

HAS SMALLPOX.

Mayfield, Ky., September 28.—Mr. Jeff D. Alcock was taken with smallpox Monday in a mild form. He had almost come to the conclusion that he would not take it as it had been so long since he was exposed, but it finally made its appearance. They think he will not be confined at his home very long, as it is in such a mild form that he will soon be up again.

ACTIVE CAMPAIGN.

Bowling Green, Ky., September 28.—The Republicans of the Third Congressional district will hold a very important meeting in this city on Wednesday afternoon. Chairman R. P. Ernst will be in attendance. Letters have been sent out over the district to some of the most prominent Republicans in this part of the state requesting their attendance. All the plans will be laid for the campaign.

STORM AT HENDERSON.

Henderson, Ky., September 28.—A terrific rain, wind and electrical storm visited this city Tuesday. Several business houses were flooded and stocks damaged. The cellar of Arnold Kahn's store was five feet deep in water, and his loss is estimated at \$3,000. The sidewalks have caved in, in several places on the principal streets.

MORE TROUBLE.

Owensboro, Ky., September 28.—An important discovery in connection with the new registration law has been made here. It is that in stating precincts containing incorporated towns the officers of election have to be residents of such towns in order that they may conduct the registration. At least two of the incorporated towns in Davies county have no white Republicans qualified to act as officers and the election commissioners are in a quandary.

\$3,000 LOSS IN BARN.

Marion, Ky., September 28.—The oak barn of Raymond Babb, ten miles from this place, on the Tulu and Salem road, was struck by lightning and burned, with all its contents, including ten head of horses and mules. The estimated loss is \$3,000.

AUDITOR SUSTAINED.

Frankfort, Ky., Sept. 28.—Judge Carroll passed on the case of Superintendent of Public Instruction Fuqua vs. Hager, auditor, by which it was sought to require the insurance commissioner and auditor to pay to the superintendent of

public instruction for the school fund over \$100,000 from taxes received from the department. He holds the revenue from this department not subject to the school fund tax and upholds the auditor's contention. An appeal will be taken. The judge holds, however, that the school fund is entitled to an appropriation of \$10,000 license taxes through this department.

SHOT BY ACCIDENT.

Owingsville, Ky., Sept. 28.—On Buckhorn creek, Breathitt county, Nathan Clemmings was shot and fatally wounded by James Lewis, who was carelessly handling a gun. The bullet pierced both of Clemmings' thighs.

THE HOME WINS.

Frankfort, Ky., Sept. 28.—Judge Carroll rendered an opinion upholding the validity of the appropriation of \$15,000 for the Kentucky Children's Home Society and directing the auditor to pay the same. The case will be appealed.

WHY LYNCHING

IS NOT STOPPED IN THE SOUTHERN STATES.

Huntsville, Ala., Sept. 28.—Ben Hill, the third alleged lyncher to be placed on trial, was acquitted. The jury spent two hours on the case and reported a verdict of not guilty. The state was unable to prove that Hill took an active part in the lynching of Horace Maples as several witnesses testified that he was only a spectator.

SECRET EXPOSED.

Chicago Women Are Advised How to Be Attractive.

Chicago, Sept. 28.—Mrs. Linda Ross Wade has given away the secret. The oracle of the National Dressmakers convention has told "how to snare a man." Here is her recipe: "Be stunning," then she told them how to be stunning, if not beautiful. Here are some of the things she told them:

"Wear simple gowns, but be sure they are becoming. Show your charms. Let modesty dictate where to stop. Wear low cut dresses if shoulders are skin are good. Pad if you are a human hatrunk; don't show the hooks. Be natural. In desperate cases try red. Don't pull your skirt tight unless—Be attractive in the morning. Don't let mer garters catch you in 'dowdy' attire."

"The class of twenty-five young women to whom Mrs. Wade confided these things left the fine arts building in a bunch seeking the method of 'stunning' and the masculine promenaders shielded across into the park."

To these things Mrs. Wade added: "Study man. Never wear high heels except in the ballroom or on the stage. Don't be mannish. Play to man's hobbies. Don't always smile, be cross and fight occasionally."

NEW RECORD.

American War Vessel, in Night Practice, Does Remarkable Work.

Washington, Sept. 28.—Some sensational night shooting is being done by the North Atlantic squadron in target practice at Menemsha Light.

Close inspection of developments in the Russo-Japanese war has given the general board the idea that many of the great naval battles of the future will be fought at night. Consequently the North Atlantic squadron has been ordered to do considerable night work and develop its gun pointers in the use of the searchlight.

Using the eight-inch guns, one of the battle ships made the remarkable score of eight hits out of nine shots at night. The target distance about a mile was illuminated by a searchlight, and the gunners used a special night sight. What is more remarkable is that the ship was forging ahead in the open sea at ten knots.

SOCIETY AT RAT PIT.

Aix Les Bains, Sept. 28.—Fashionable society has taken to spending its Sunday afternoons at the rat pit. Scores of handsomely dressed women may be seen among the audience, a large percentage of whom are American and English people. Mr. Harfield of Chicago, was ejected at a recent performance for protesting against the brutality of the "bouts."

The fair spectators shriek with delight when a rat is tossed, but now and then the spectacle is a trifle too much for their nerves and they become hysterical. They are then borne screaming from the place and no one seems in the least upset by the incident. Nothing equaling the degrading spectacle has been seen for years. The bull and tiger fights of Spain are respectable performances compared with the rat and dog fights.

Banking institutions have no use for the no-account man.

NOTHING DOING SAYS THE MAYOR

He Will Not Discharge Anyone for Those Performances.

Further Indites a Most Sizzling Card to the Visiting Evangelist.

MUCH TALK EVERYWHERE NOW

Mayor D. A. Yeiser states that there is "no man in Paducah whom Chief of Police James Collins' clothes would fit." In other words, that Chief Collins is the best there is, and will stay right where he is. The mayor does not mince words any longer in referring to the "good government" element. He says that he will pay no attention to the resolutions passed Sunday, and will discharge or allow discharged no member of the police force over Sunday's performances.

Mayor Yeiser's telephone has been kept pretty busy since Sunday assuring him that many good people not only do not endorse the resolutions, but endorse in every way the Sunday performance or the benefit of a blind man.

One lady said she went to church Sunday night, and they didn't do anything but take up collection until 9 o'clock. She said she was disgusted. That they took up more money for the preacher than the average man earned in six months, and more than enough for the preacher to live on for many months if he chose to do it. She said that she as sure that few of those present could have given as much to real charity as they put in the box to be taken away by the visiting preachers, yet they were ready to censure the hard-working week people who had put in a heavy week's work, and were willing to give their services to a blind policeman gratis Sunday. She stated that she wished he had gone to the show instead of to church, and wished she had the money to ask as she could give it to the blind man.

Mayor Yeiser says this is only one of many such messages he has received. Other messages have come in profusion from those who thought there might possibly be some prospect of discharge of Chief Collins, and wanted to protest, his intent was appreciated, but they are all told that Chief Collins was all right, and too good a man to let go.

Mayor Yeiser has given out the following card: Mr. Holcomb, "Sir:—In reply to your personal abuse of me from the pulpit Sunday evening would ask, would it not have been more in accordance with the Master's teaching to have first informed yourself as to the law and facts in the case, before denouncing me in the scathing language you used? Did you not compromise the dignity of your high office, when you descended to ridicule my personal appearance? There was not one of your vast audience who was not better acquainted with me than yourself, and not one who could fail to recognize me, even though I had shaved my beard and you had taken my hide off. There were unsaved souls in your audience who would have possibly been more benefited had they heard the Gospel preached. They came asking for bread and you gave them a stone."

"D. A. YEISER." The mayor also states that he will always treat ministers of the gospel with respect and courtesy, but that the next time any of them try to "butt into" municipal affairs, he will give them to understand in plain language who is running the city.

SATURDAYS OFF.

But He Wants Pay Just the Same For His Work.

Washington, Sept. 28.—Elmer Pettord, of Cleveland, a clerk in the Auditor's office of the postoffice department, who is a Seventh Day Adventist, has refused to work on Saturday, and has employed an attorney to assist in recovering his salary for those days. The department declines to let him work on Sundays, although he says that he is willing to do so, and regularly docks him every Saturday.

HEALTH OF GERMAN CHILDREN.

This year, for the first time, all the children in the schools of Berlin were examined as to their health. There were fifteen thousand children and thirty-six examiners. The results were astounding. Ten per cent. of the children were found insufficiently developed in body or mind and had to be excluded for half a year or longer; 16 per cent. were not strong enough to attend school, owing to the debilitating effect of scarlet fever and other diseases; 15 per cent. suffered from anaemia or scrofula; 5 per cent. had tuberculous trouble, etc.

FALSE ARREST

Is Alleged In Suit of Bernard Schulke

Asks \$10,000 From Biederman Company—Other Suits.

The following suits were filed in circuit court today:

Bernard Schulke against the Jake Biederman Grocery Company, suit for \$10,000 damages for false arrest.

The petition states that he has been prosecuted in several courts for the alleged theft of \$14 worth of goods and that in every instance he has come clear and the defendant continued to prosecute him in a higher court.

He formerly worked for Biederman as a clerk in one of the grocery stores and is a German boy.

Adamson Bros. against A. J. Achison, for an alleged account of \$66.88. W. R. Woodson against the N. C. & St. L. road, for \$675 damages for failure to deliver in Missouri in required time, two bowling alleys. The damages in delay and expense in looking up the alleys which were forty days on the road, caused him damage to the above amount, he thinks.

SUSPECT CAUGHT

CAPTAIN WOODS GOES TO CENTRAL CITY AFTER A MAN.

Captain Joe Woods, of the local police force, has gone to Central City to bring back E. B. Martin, alias Marshall, who is alleged to have obtained money by false pretenses.

It is alleged that he had C. E. Blackwell the saloon man at Ninth and Court, to cash a \$500 note which proved to be a forgery, and the endorsement time. The check was brought home by Agent John C. Gr. As an agent, and was made by Combs & Company, and is alleged to have been cashed at the road for ice. Marshall is alleged to have got hold of the check.

Captain Woods and Special Agent W. T. Dinneen, of the I. C. case up, and located at Captain Woods will return tonight.

GOES AGAINST THE

Madison, Wis., Sept. 28.—A court rendered a decision under Wisconsin laws that the Protective Order of Elks of America is not a benevolent organization and, therefore, any property it holds is not exempt from taxation under the statutory provisions exempting benevolent associations.
